

CO-OPERATIVE IRB AGREEMENTS

TTUHSC has entered into formal agreements permitting cooperative IRB review in limited circumstances outlined in each agreement. Please contact your local IRB Administrator for details on specific processes for each agreement.

Affiliate Entities:

The following institutions have agreed to allow a TTUHSC IRB to serve as the sole IRB of record in limited circumstances outlined in each agreement.

<i>Affiliate Entity</i>	<i>Primary Affiliated IRB</i>
Amarillo Heart Clinical Research Institute	Amarillo
Baptist St. Anthony Health System (Amarillo)	Amarillo
Don & Sybil Harrington Cancer Center (Amarillo)	Amarillo
Hendrick Medical Center (Abilene)	Amarillo
Northwest Texas Healthcare System (Amarillo)	Amarillo
ClinicalTex Research, LLC (PharmaTex Research) (Amarillo)	Amarillo
Medical Center Hospital (Odessa)	Lubbock/Odessa
Odessa Regional Hospital (Odessa)	Lubbock/Odessa
Radiation Oncology of the South Plains (Lubbock)	Lubbock/Odessa
Randall Dennis Wolcott (Lubbock)	Lubbock/Odessa
St. Joseph Health (Covenant Medical Center/Covenant Children's) (Lubbock)	Lubbock/Odessa
Texas Tech University (Lubbock)*	Lubbock/Odessa
University Medical Center (Lubbock)	Lubbock/Odessa

*Note that the affiliate agreement with Texas Tech University also permits the TTU IRB to be the sole IRB of record in specific circumstances.

National Cancer Institute Central IRB:

National Cancer Institute Central IRBs will serve as the IRB of record for Phase III-IV co-operative group, multi-site clinical trials where TTUHSC faculty serve as the local Principal Investigator.

IRB Master Reciprocity Agreement for Texas Institutions of Higher Education

Multi-site research conducted at Texas academic institutions that have agreed to participate in the Master Reciprocity Agreement may be able to rely on a single IRB for review of the research.
