Dopper's Pool Safety Advice

Watch out in case there is no proper barrier between the kiddies Pool and the main Pool.

1 Be careful not to dive into shallow water.

2 Check to see how deep the pool is. Ask an attendant if the depth is not clearly marked.

Beware of wet and slippery surfaces.

Do not swim in water that looks discoloured or murky.

Watch out for broken or missing tiles.

Listen to the instructions of Pool Lifeguards.

They are there to help you have a good time.

When you arrive, find out if there is a Lifeguard on duty before you go into the water.

3 If you are with younger children, watch out for them at all times.

4 Obey all the Pool safety rules such as no running dives and no horseplay.

Watch out for sudden drops in the Pool floor.

5 An adult should always supervise playtime.

6 Remember to check for others before entering the water.

Digest food before you swim.
